

Welcome to ETAPS 2006

The European Joint Conferences on Theory and Practice of Software (ETAPS) is the primary European forum for academic and industrial researchers working on topics related to Software Science. It is a confederation of five main conferences, a number of satellite workshops and other events.

After ETAPS'98 in Lisbon, ETAPS'99 in Amsterdam, ETAPS'00 in Berlin, ETAPS'01 in Genova, ETAPS'02 in Grenoble, ETAPS'03 in Warsaw, ETAPS'04 in Barcelona, ETAPS'05 in Edinburgh, ETAPS'06 is the ninth joint conference in this series. The conference is organised by the Institute of Computer Languages, Compilers and Languages Group, of the Vienna University of Technology. We would like to thank the ETAPS Steering Committee chaired by Perdita Stevens, the Austrian Computer Society (OCG), and all other organisers and committee members, as well as authors, for preparing an excellent program for ETAPS'06.

ETAPS offers an excellent venue for researchers in different specialised fields to share ideas, problems, and solutions in theory and its application to real-world software. We hope that participants will capitalise on the various opportunities to also attend talks outside their field and that this facilitates fruitful interactions with speakers and other participants for discussing new promising research directions.

The ETAPS Team welcomes you to Vienna, the capital of Austria. Best wishes for an enjoyable stay at ETAPS'06.

ETAPS Team

Vienna

For many centuries, Vienna has been the capital of the Austrian-Hungarian empire, giving us jewels like the Hofburg and the Schönbrunn and Belvedere palaces. Vienna is also the music capital of the world. More famous composers

have lived here than in any other city. Vienna offers exciting concerts, fantastic musicals, and impressive exhibitions. Enjoy the delights of Viennese cuisine, typical Viennese "gemütlichkeit" at cafés and Heurigens, and green Vienna in the city's many parks.

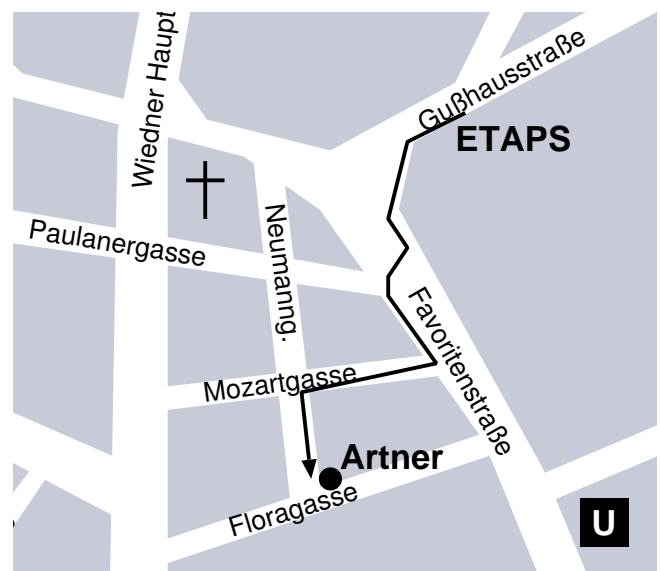

What to do in the evening

Restaurants

For restaurants near the ETAPS location refer to restaurant guide in the ETAPS programme, pages 61-62. You can choose from more than 80 locations all in walking distance.

CMCS Dinner

The dinner of the CMCS Workshop takes place at restaurant **Artner**, Floragasse 6, 1040 Vienna, 7:30pm. The restaurant is in short walking distance from the ETAPS location.

Daylight Saving Time

Tomorrow is the last Sunday in March. This means that Summer Time starts on Sunday 2:00am. Clocks are turned forward an hour. In other words, you have one hour less for sleep.

Weather Forecast

Today	Sat	Sun	Mon
			
Cloudy	Light Rain	Showers	Showers
Low 6°C	Low 7°C	Low 8°C	Low 7°C
High 10°C	High 12°C	High 18°C	High 13°C

Workshops Saturday, March 25

- CMCS:** Coalgebraic Methods in Computer Science (see pages 24 and 32 of programme)
- DCC:** Designing Correct Circuits (see pages 25 and 34)
- MBT:** Model Based Testing (see pages 28 and 38)
- SC:** Symposium on Software Composition (see pages 28 and 39)
- SLAP:** Synchronous Languages, Applications, and Programming (see pages 29 and 41)
- WITS:** Issues in the Theory of Security (see pages 30 and 42)

Tutorial Saturday, March 25

- QuantComp:** The Computer Science Perspective on Quantum Information Processing and Communication (see p. 59 of ETAPS programme)
