

Changelist ISO/IEC DTR 13211-3:2006 Versions DCGSDIN August 20 2013 TO DCGSDIN April 4 2014

Only substantive changes are considered

Generally: everywhere, the wording "section, subsection" etc is replaced by "subclause"

Generally: "right hand context" is replaced by "semicontext" everywhere.

### 3 Definitions

3.1 alternative, changed wording to earlier grammar body alternative

7.15 Synchronized the sequence of the list and the subclauses with the reference implementation in subclause 10, and vice versa. Invented the functor of clauses of dcg\_cbody/4 in subclause 10 as synchronizing index.

General review, correction and improvement of all subclauses (7.15.1-7.15.11) wrt. subclause 10.

10 Slightly corrected numbering and order in the reference implementation
